

**Village Safe Water Program
Capital Improvement Project
Multi-Year Priority List**

Ongoing Planning Projects:		
COMMUNITY	SCOPE OF WORK	Type
Aleknagik	Landfill Improvements	Upgrade
Ambler	Water and Sewer Evaluation	Upgrade
Anderson	Community Wastewater Collection System Assessment	Upgrade
Aniak	First Service Water	Upgrade
Atka	Water Treatment Plant Upgrades	Upgrade
Buckland	Sewer Upgrade	Upgrade
Chevak	Vacuum Sewer System	Upgrade
Chitina	Community Sanitation Facilities	First Service
Chuathbaluk	Washeteria Improvements	Upgrade
Coffman Cove	New Intake for Existing Water Treatment Plant	First Service
Ekwok	Water Quality Improvements	Upgrade
Elim	Water Source Relocation	Upgrade
Golovin	Drain Field Rehabilitation	Upgrade
Goodnews Bay	Honey Bucket Disposal Facility	Upgrade
Gustavus	Septage Tank	Upgrade
Hughes	Moose Loop Road Water and Sewer Service	First Service
Huslia	Birch Grove Water and Sewer Service	Upgrade
Igiugig	Wastewater System Improvements	Upgrade
Kachemak	Potable Water Source	Upgrade
Kaltag	Washeteria Upgrades	Upgrade
Kasaan	Sewer System Upgrades	Upgrade
Kasigluk	Landfill	Upgrade
Kiana	Taylor Road Water and Sewer Extension	Upgrade
Kiana	Water Storage Tank Upgrades	Upgrade
Kiana	Manhole Settling Project	Upgrade
Kivalina	Solid Waste Improvements	First Service
Klawock	Raw Water Impoundment Replacement	Upgrade
Klukwan	Sewer Lagoon Upgrades	Upgrade
Kluti-Kaah	Community Water and Wastewater System Evaluation	Upgrade
Kotlik	Sewer and Water to 21 Homes	First Service
Kotlik	Lagoon Upgrades	First Service
Kotzebue	Water & Sewer Line Improvements	Upgrade
Larsen Bay	Raw Water Intake Upgrades	Upgrade
Manley Hot Springs	First Service Water and Sewer	First Service
McGrath	Water Distribution System	Upgrade
Metlakatla	Wastewater Collection, Water Distribution, and Water Storage Tank Assessment	Upgrade
Mountain Village	Residential Water and Sewer Services and Water System Improvements	Upgrade
Naknek	HUD Subdivision Water Source	Upgrade
Nelson Lagoon	Water Transmission & Storage Upgrades	Upgrade
Nenana	Water and Sewer Systems Repairs	Upgrade
Newhalen	Wastewater PER	Upgrade
Nikolaevsk	Watering Point	Upgrade
Nikolai	Sewage System Repair and Expansion PER	Upgrade
Nondalton	Water Storage Tank	Upgrade
Nulato	Lagoon Improvements	Upgrade
Oscarville	4 Test Wells	Upgrade
Pelican	Wastewater Treatment Improvements	Upgrade
Pilot Point	Water System Repairs	Upgrade
Port Alexander	Water System Upgrade	Upgrade

**Village Safe Water Program
Capital Improvement Project
Multi-Year Priority List**

Ongoing Planning Projects:		
COMMUNITY	SCOPE OF WORK	Type
Quinhagak	Wastewater Treatment Lagoon Relocation PER and Water Treatment Plant Structural Repairs and Storage Tank Security Technical Memorandum	Upgrade
Rampart	New Landfill and Water Pilot Study	Upgrade
Ruby	Community Sludge Disposal Facility	Upgrade
Ruby	Water and Sewer Centralized Services	First Service
Russian Mission	Water & Sewer System Upgrades	Upgrade
Saint Paul	Water Treatment Plant Rehabilitation, Ductile and Cast Iron Water Main Replacement, and Pumphouse Replacement	Upgrade
Savoonga	Water Storage Tank and Backup Well	Upgrade
Saxman	Sewer Inflow and Infiltration	Upgrade
Seldovia	Wastewater Treatment Plant Improvements	Upgrade
Seldovia	Water and Wastewater System Evaluation	Upgrade
Shaktoolik	Wastewater PER	Upgrade
Shaktoolik	Community Water and Sewer Improvements	Upgrade
Shishmaref	Water Quality	First Service
Shungnak	Landfill PER	Upgrade
Slana	First Service to 3 Homes	First Service
St. George	Water Distribution and Wastewater Collection Infrastructure Replacement	Upgrade
St. Mary's	Water Storage Tank PER Lite and Pilot Study	Upgrade
St. Mary's	Sewage Lagoon	Upgrade
St. Mary's	Infiltration and Inflow Study and Report	Upgrade
Tanacross	Landfill	Upgrade
Tanana	Water and Wastewater Improvements	Upgrade
Tazlina	New Washeteria	Upgrade
Tetlin	New landfill	Upgrade
Twin Hills	Wastewater System Improvements	Upgrade
Tyonek	Wastewater System Improvements	Upgrade
Unalakleet	Sewer System Replacement	Upgrade
Voznesenka	Water Treatment Plant Improvements	Upgrade
Whale Pass	Sewer, Solid Waste, Public Restroom, Washeteria and Water Delivery Program	Upgrade
White Mountain	Water Treatment Plant Foundation Improvements	Upgrade
Yakutat	Sewer Collection Study	Upgrade

Abbreviations: Preliminary Engineering Report (PER); Environmental Report (ER) Note: New applications for funding will be accepted in Spring/Summer of 2024. High scoring planning projects will be added to this list at completion of the application and scoring process.

Village Safe Water Program
Capital Improvement Project
Multi-Year Priority List

Ongoing Construction Projects:			
COMMUNITY	SCOPE OF WORK	Type	FUNDING TO DATE
Adak	Aerated lagoon; upgrade lift stations 7, 12, and 13; decommission the remaining abandoned lift stations and associated sewer mains; and repair sewer mains and manholes.	Upgrade	\$ 3,103,693
Alatna	Sewage lagoon rehabilitation and repair.	First Service	\$ 190,128
Aleknagik	Low pressure sewer system replacement for 20 homes and percolation cell expansion.	Upgrade	\$ 500,000
Bethel	Bethel Heights water and sewer.	First Service	\$ 14,000,000
Chevak	Sewer lagoon design and construction.	Upgrade	\$ 21,460,000
Coffman Cove	Luck Point sewer replacement.	Upgrade	\$ 2,441,544
Cold Bay	Public Works Department Water Treatment Plant Backup Generator	Upgrade	\$ 335,381
Crooked Creek	Rehabilitation of existing water treatment plant/washeteria, including a new water storage tank.	First Service	\$ 486,504
Kaltag	Replace water main, water service lines and connections, upgrade circulating pumps, relocate well #1 power drop, and install new sewer line and replacement of manholes.	Upgrade	\$ 7,064,816
Kivalina	New modular washeteria and water treatment plant.	First Service	\$ 10,037,600
Mekoryuk	Flush tank and haul replacement for 8 homes and washeteria repairs	Upgrade	\$ 1,500,000
Napakiak	Sewer lagoon and water treatment plant design and construction.	First Service	\$ 10,255,519
Seldovia	Slough sewer collection system improvements.	Upgrade	\$ 3,932,000
Seldovia	Wastewater treatment facility improvements.	Upgrade	\$ 1,573,500
Thorne Bay	Wastewater collection system improvements.	Upgrade	\$ 5,334,723
Tuluksak	Design and construction of a new sewer force main, lagoon, and water service and sewer service to core facilities.	First Service	\$ 4,386,534
Tununak	Piped water and sewer for 90 homes and design of a modular water treatment plant/washeteria.	First Service	\$ 16,222,800
Unalakleet	Design and construction of distribution system and service line replacement.	Upgrade	\$ 32,821,031
Upper Kalskag	Force main and lift station improvements.	Upgrade	\$ 525,000

Note: New applications for funding will be accepted in Spring/Summer of 2023. High scoring construction projects will be added to this list at completion of the application and scoring process.

Village Safe Water Program
Capital Improvement Project
Multi-Year Priority List

The following projects are fully funded to complete construction. Minimal funding, if any, will be required in order to complete these projects.

COMMUNITY	SCOPE OF WORK	Type	FUNDING TO DATE
Akiachak	Completion of community piped water and sewer system, including service lines and plumbing for West Section and water and sewer mains, service lines, and house plumbing for East Section.	First Service	\$ 19,446,532
Ambler	Reroute water main and construct concrete armoring of well to protect against erosion.	Upgrade	\$ 1,620,000
Chefornak	Completion of new sewage lagoon, lift station and force main, honey bucket dump site, water storage tank, watering points/pump stations, and washeteria.	First Service	\$ 8,257,921
Circle	Wellhead improvements and rehabilitation of the existing water treatment plant. Upgrade the water storage tank and rehabilitate the washeteria. Replace water distribution and raw water circulation equipment.	First Service	\$ 3,259,812
Coffman Cove	Upgrades to the water treatment plant to replace obsolete equipment.	Upgrade	\$ 1,366,720
Diomedea	New water storage tank.	First Service	\$ 5,147,304
Eagle	Design and construction of a community watering point, including well exploration and development.	First Service	\$ 500,000
Emmonak	New raw water source, pump house and control; new water treatment plant; and water and sewer main extension and 10 service lines.	Upgrade/ First Service	\$ 7,596,017
Emmonak	Service to 4 AVCP homes.	Upgrade/ First Service	\$ 3,357,518
False Pass	Onsite wastewater systems for 8 homes.	Upgrade	\$ 1,561,500
Galena	Water treatment plant upgrades.	Upgrade	\$ 1,359,015
Glacier View	Design and construction of a community watering point in Glacier View, including well development.	First Service	\$ 500,000
Gulkana	Replace the existing water storage tank with a 100,000 gallon tank.	Upgrade	\$ 578,354
Hydaburg	Upgrades to South Main Street settling tanks and new sewage effluent station.	Upgrade	\$ 3,839,516
Kachemak Selo	Ground water study, exploratory well drilling, production well, new water storage tank that will be connected to the community distribution system.	Upgrade	\$ 2,249,925
Kasaan	New sewage ocean outfall.	Upgrade	\$ 1,565,000
Kobuk	Construction of a new drainfield.	Upgrade	\$ 1,695,000
Kokhanok	New water treatment plant.	Upgrade	\$ 4,510,444
Koyukuk	Construct interior plumbing for 22 homes.	Upgrade	\$ 1,746,000
Lime Village	Construct interior and exterior plumbing, residential wells, and onsite septic systems for 16 homes.	First Service	\$ 943,000
Marshall	Phase 9 water and sewer improvements, including replacement of water and sewer mains and services to 18 homes, and extension of water and sewer mains to provide service to three homes, Head Start building, community building, and clinic.	Upgrade	\$ 3,973,060
McGrath	Water treatment plant renovations. Replace STEP septic tanks and lagoon aeration system. Improvements to the piped water	Upgrade	\$ 654,879
Mountain Village	New water storage tank and related infrastructure improvements to address long-term water shortage conditions in the village.	Upgrade	\$ 4,001,490
Nanwalek	Water System Upgrades	Upgrade	\$ 5,248,852

Note: Upon construction completion and a determination that no additional funding is needed, projects will be removed from this list.

Village Safe Water Program
Capital Improvement Project
Multi-Year Priority List

The following projects are fully funded to complete construction. Minimal funding, if any, will be required in order to complete these projects.

COMMUNITY	SCOPE OF WORK	Type	FUNDING TO DATE
Napakiak	Water treatment plant treatment upgrades; upgrade the adjacent mechanical building and connect it to the washeteria; installation of a community watering point and a 10,000 gallon finished water storage tank.	Upgrade	\$ 1,686,954
Nelson Lagoon	Design and replace 14 onsite wastewater systems with new individual pressure-mounded systems. Regrade the surrounding landscape of homes to direct overflow away from residences.	Upgrade	\$ 2,641,120
Nenana	Water treatment plant improvements including a new well and associated piping connections.	Upgrade	\$ 4,120,000
Newhalen	Water treatment plant and well rehabilitation and water storage tank construction.	Upgrade	\$ 2,088,054
New Stuyahok	New modular water treatment plant.	Upgrade	\$ 6,888,456
Nikolaevsk	Water treatment plant improvements and mixer for water storage	Upgrade	\$ 3,043,208
Nunam Iqua	Combined utility building improvements	Upgrade	\$ 3,456,000
Nunapitchuk	Water treatment plant, water storage tank, and washeteria and sewer lagoon improvements including the completion of a PER and ER. Development of new water well.	Upgrade	\$ 15,779,887
Ouzinkie	New chemical feed pumps, instrumentation and control system for the water treatment plant.	Upgrade	\$ 305,400
Port Alexander	Construction of a new 125,000 gallon bolted steel water tank and supporting timbers and concrete foundation.	Upgrade	\$ 3,879,325
Port Graham	Replace existing sewage ocean outfall with a single new outfall and associated lift station, force main, and gravity sewer collection facilities.	Upgrade	\$ 7,556,700
Rampart	Interior plumbing, wells and onsite wastewater treatment systems to eight homes.	First Service	\$ 6,530,496
Ruby	Interior plumbing, wells and onsite wastewater treatment systems to 26 homes.	First Service	\$ 9,301,028
Saint Paul	Replace two sewer lift stations with wet wells constructed adjacent to the existing dry wells and above-grade pump building on top; replace pumps and controls and reroute existing piping.	Upgrade	\$ 2,726,181
Sand Point	Water treatment plant renovations, to include installation of new filter lights, filter media, and underdrain laterals, polymer solution pump, streaming current detector, influent and effluent flow meters, turbidimeters and SC200 display screens, and updated control	Upgrade	\$ 392,600
Scammon Bay	Expand the existing lagoon to accommodate the current loading.	Upgrade	\$ 7,430,536
Shageluk	Gravity sewer system, water services, and house plumbing.	First Service	\$ 15,558,400
Twin Hills	Replace the existing water system by installing new distribution system.	Upgrade	\$ 3,575,936
Tyonek	Replacement of the Indian Creek subdivision water distribution main and service line piping and appurtenances.	Upgrade	\$ 3,061,616
Unalakleet	Facility improvements necessary to address failing raw water transmission line, including the drilling of test wells.	Upgrade	\$ 16,665,788
Venetie	New water treatment plant and washeteria.	First Service	\$ 1,203,609
Voznesenka	Piped water service to homes in the Falls Creek area including individual septic systems and house plumbing.	First Service	\$ 3,112,654
Wales	New water treatment plant and washeteria.	First Service	\$ 14,315,027
Whale Pass	Well exploration and construction of a community watering point.	First Service	\$ 500,000
Yakutat	Design and construct 3 new lift stations (Old Village, Jenson, "schools") and design and rehabilitate 2 lift stations (Cannery and Sunrise).	Upgrade	\$ 5,330,528

Note: Upon construction completion and a determination that no additional funding is needed, projects will be removed from this list.
