Technical	Operator Certification	Utility has more than one operator certified to the level of the water system		10	5	System Classification: Small Treated Primary Operator: <i>Emmitt Raymond</i> Certification Level: <i>ST</i> Backup Operator: <i>No record of a backup operator</i> Certification Level: <i>N/A</i> Emmitt Raymond holds certification at the correct level. There is no backup operator identified.	Emmitt Raymond has the required CEUs to renew in 2024. A backup operator needs to be identified and needs to take and pass the ST exam. Please see the enclosed flyer with more information about certification.		ADEC Operator Certification Program 465-1139
		Primary operator is certified to the level of the water system and the backup operator holds some level of certification in water treatment or distribution		7					
		Primary operator is certified to the level of the water system and the backup operator holds no certification or there is no backup operator		5					
		Utility has one or more operators certified at some level in water treatment or distribution		3					
		Utility has no certified operators		0					
	Preventive Maintenance Plan	Utility has a written PM plan; PM is performed on schedule; records of completion are submitted on a quarterly basis and have been verified		25	25	The operator is performing important maintenance on a regular basis and keeping records. Each month, the operator is submitting maintenance records to the assigned RMW.	Full points have been awarded in this category. Continue to perform maintenance according to the PM plan and send monthly records to the assigned RMW.		Spencer Singleton ADEC RMW 269-7571
		Utility has a written PM plan; performance of PM and record keeping are not consistent		15					
		Utility has no PM plan or performs no PM		0					
	Compliance	Utility had no Monitoring and Reporting violations during the past year		10	0	The utility had 9 Drinking Water Monitoring and Reporting violations in 2023.	The Drinking Water Program provides you with an Annual Monitoring Summary with all of the required samples for your water system. All samples and reports must be collected and submitted in a timely manner.		Elizabeth Nakanishi ADEC Drinking Water Program 269-7517
		Utility had up to five Monitoring and Reporting violations during the past year		5					
Utility had more than five Monitoring and Reporting violations during the last year		0							
Managerial	Utility Management Training	A person who holds a position of responsibility for management of the utility has completed a DCRA approved Utility Management course or other utility management training course within the last five years		5	5	Layton Lockett attended Clerk's Management for Rural Utilities training on 8/10/2023.	To maintain the full points in this category, consider sending someone to one of the free RUBA trainings each year.		
	Meetings of the Governing Body	The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements and receives a current report from the operator		5	5	Minutes were provided for the following months during this reporting period: June, July, August, September, October, and November 2023. The water operator report was consistently included in the meeting minutes.	To maintain full points, the governing body must continue to meet according to local ordinance/bylaw and provide RUBA with meeting minutes.		
		The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements		2					
		The utility owner's governing body does not meet		0					
Financial	Budget	Utility owner and the Utility have each adopted a realistic budget and budget amendments are adopted as needed; Accurate monthly budget reports are prepared and submitted to the governing body		15	10	The utility owner has adopted an overall realistic and balanced budget, but accurate monthly financial reports in cash basis have not been documented in the meeting minutes.	Provide RUBA with accurate monthly financial reports that are submitted to the council and documented in meeting minutes.		Lydia Mielke DCRA RUBA Program 269-4547
		Either the Utility or the Utility owner has adopted and implemented a budget, the other has not		13					
		Either the Utility or the Utility owner has adopted a budget, but it is not being implemented		10					
		Utility owner and the Utility have not adopted a budget		0					
	Revenue	Utility is collecting revenue sufficient to cover the Utility's operating expenses and to contribute to a repair and replacement account		20	0	Financial reports were provided, but they were not meaningful or accurate (cash basis, budget-to-actual).	Provide RUBA with accurate monthly financial reports that shows the utility is collecting sufficient revenue to cover operating expenses. Contact your assigned LGS for advice and assistance.		
		Utility is collecting revenue sufficient to cover expenses		15					
		Utility has a fee schedule and a collection policy that is followed		5					
		Utility has no fee structure or collection policy		0					
	Worker's Compensation Insurance	Utility has had a worker's compensation policy for all employees for the past two years and has a current policy in place		5	5	Continuous coverage for the utility owner was confirmed by a Department of Labor and Workforce Development database query on 12/31/2023.	Full points have been awarded. The utility owner must maintain an active workers' compensation policy to continue receiving these points.		
		Utility has a current worker's compensation policy in place for all employees		2					
		Utility has no worker's compensation policy		0					
	Payroll Liability Compliance	Utility has no past due tax liabilities and is current with all tax obligations		5	5	Utility has no past due tax liabilities and is current with all tax obligations.	Full points have been awarded. Continue to submit timely reports and payments to maintain these points.		
		Utility owes back taxes, but has a signed payment agreement, is current on that agreement, and is up-to-date with all other tax obligations		2					
Utility is not current with its tax obligations and/or does not have a signed repayment agreement for back taxes owed		0

Melvin Pavilla and Henry Alexie, Jr. need to take and pass the WT 1 exam. Please see the enclosed flyer with more information about certification.	ADEC Operator Certification Program 465-1139
		Primary operator is certified to the level of the water system and the backup operator holds some level of certification in water treatment or distribution		7				
		Primary operator is certified to the level of the water system and the backup operator holds no certification or there is no backup operator		5				
		Utility has one or more operators certified at some level in water treatment or distribution		3				
		Utility has no certified operators		0				
	Preventive Maintenance Plan	Utility has a written PM plan; PM is performed on schedule; records of completion are submitted on a quarterly basis and have been verified		25	15	The utility is not performing the required maintenance or isn't keeping records of maintenance.	To receive the full points in this category, the operator must have a Preventative Maintenance plan that they follow and the completed plan must be submitted to your assigned RMW each quarter.	Nicholas Sanders YKHC RMW 543-6427
		Utility has a written PM plan; performance of PM and record keeping are not consistent		15				
		Utility has no PM plan or performs no PM		0				
	Compliance	Utility had no Monitoring and Reporting violations during the past year		10	0	The utility had 22 Drinking Water Monitoring and Reporting violations in 2023.	The Drinking Water Program provides you with an Annual Monitoring Summary with all of the required samples for your water system. All samples and reports must be collected and submitted in a timely manner.	Elizabeth Nakanishi ADEC Drinking Water Program 269-7619
		Utility had up to five Monitoring and Reporting violations during the past year		5				
		Utility had more than five Monitoring and Reporting violations during the last year		0				
Managerial	Utility Management Training	A person who holds a position of responsibility for management of the utility has completed a DCRA approved Utility Management course or other utility management training course within the last five years		5	5	Phyllis Nick attended Clerk's Management for Rural Utilities training on 8/18/2023.	To maintain the full points in this category, consider sending someone to one of the free RUBA trainings each year.	Alfred Wallace DCRA RUBA Program 543-3475
	Meetings of the Governing Body	The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements and receives a current report from the operator		5	0	Documentation was not provided to RUBA during this reporting period.	The governing body needs to meet according to local ordinance and/or bylaw and submit minutes to RUBA. The meeting minutes should document that a report was made by the operator to the governing board. Contact your assigned LGS for assistance.	
		The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements		2				
		The utility owner's governing body does not meet		0				
Financial	Budget	Utility owner and the Utility have each adopted a realistic budget and budget amendments are adopted as needed; Accurate monthly budget reports are prepared and submitted to the governing body		15	0	Documentation was not provided to RUBA during this reporting period.	Provide RUBA with an adopted, realistic, and balanced budget; monthly financial reports that are submitted to the council and documented in meeting minutes. Contact your assigned LGS for advice and assistance.	
		Either the Utility or the Utility owner has adopted and implemented a budget, the other has not		13				
		Either the Utility or the Utility owner has adopted a budget, but it is not being implemented		10				
		Utility owner and the Utility have not adopted a budget		0				
	Revenue	Utility is collecting revenue sufficient to cover the Utility's operating expenses and to contribute to a repair and replacement account		20	0	Documentation was not provided to RUBA during this reporting period.	Provide RUBA with accurate monthly financial reports that shows the utility is collecting sufficient revenue to cover operating expenses. Contact your assigned LGS for advice and assistance.	
		Utility is collecting revenue sufficient to cover expenses		15				
		Utility has a fee schedule and a collection policy that is followed		5				
		Utility has no fee structure or collection policy		0				
	Worker's Compensation Insurance	Utility has had a worker's compensation policy for all employees for the past two years and has a current policy in place		5	2	Current coverage for utility owner was confirmed through a Department of Labor and Workforce Development database query on 12/31/2023, but the utility owner did not have coverage prior to 06/30/2023.	Full points can be awarded after the utility owner demonstrates that a workers' compensation policy has been in place for all employees for two full years.	
		Utility has a current worker's compensation policy in place for all employees		2				
		Utility has no worker's compensation policy		0				
	Payroll Liability Compliance	Utility has no past due tax liabilities and is current with all tax obligations		5	0	Utility owner is not current with state tax reporting and/or payment requirements.	To receive points, the utility must either become current on all outstanding tax liabilities and filings, or enter into a repayment agreement for outstanding liabilities and remain current on payments.	
		Utility owes back taxes, but has a signed payment agreement, is current on that agreement, and is up-to-date with all other tax obligations		2				
		Utility is not current with its tax obligations and/or does not have a signed repayment agreement for back taxes owed		0

		Primary operator is certified to the level of the water system and the backup operator holds some level of certification in water treatment or distribution		7					
		Primary operator is certified to the level of the water system and the backup operator holds no certification or there is no backup operator		5					
		Utility has one or more operators certified at some level in water treatment or distribution		3					
		Utility has no certified operators		0					
	Preventive Maintenance Plan	Utility has a written PM plan; PM is performed on schedule; records of completion are submitted on a quarterly basis and have been verified		25	25	The operator is performing important maintenance on a regular basis and keeping records. Each month, the operator is submitting maintenance records to the assigned RMW.	Full points have been awarded in this category. Continue to perform maintenance according to the PM plan and send monthly records to the assigned RMW.	Bob White YKHC RMW 543-6428	
		Utility has a written PM plan; performance of PM and record keeping are not consistent		15					
		Utility has no PM plan or performs no PM		0					
	Compliance	Utility had no Monitoring and Reporting violations during the past year		10	0	The utility had 14 Drinking Water Monitoring and Reporting violations in 2023.	The Drinking Water Program provides you with an Annual Monitoring Summary with all of the required samples for your water system. All samples and reports must be collected and submitted in a timely manner.	John Davis ADEC Drinking Water Program 262-8201	
		Utility had up to five Monitoring and Reporting violations during the past year		5					
Utility had more than five Monitoring and Reporting violations during the last year		0							
Managerial	Utility Management Training	A person who holds a position of responsibility for management of the utility has completed a DCRA approved Utility Management course or other utility management training course within the last five years		5	5	Crystal Martin attended Elected Officials Management for Rural Utilities training on 12/11/2023.	RUBA provides free training several times per year. Contact your RUBA specialist for more information.	Cindy Roque DCRA RUBA Program 842-1969	
	Meetings of the Governing Body	The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements and receives a current report from the operator		5	0	Documentation was not provided to RUBA during this reporting period.	The governing body needs to meet according to local ordinance and/or bylaw and submit minutes to RUBA. The meeting minutes should document that a report was made by the operator to the governing board. Contact your assigned LGS for assistance.		
		The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements		2					
		The utility owner's governing body does not meet		0					
Financial	Budget	Utility owner and the Utility have each adopted a realistic budget and budget amendments are adopted as needed; Accurate monthly budget reports are prepared and submitted to the governing body		15	10	The utility owner and third-party utility manager has adopted an overall realistic and balanced budget, but accurate monthly financial reports have not been documented in the meeting minutes.	Provide RUBA with accurate monthly financial reports that are submitted to the council and documented in meeting minutes.		
		Either the Utility or the Utility owner has adopted and implemented a budget, the other has not		13					
		Either the Utility or the Utility owner has adopted a budget, but it is not being implemented		10					
		Utility owner and the Utility have not adopted a budget		0					
	Revenue	Utility is collecting revenue sufficient to cover the Utility's operating expenses and to contribute to a repair and replacement account		20	20	Financial reports show utility revenue is sufficient to cover expenses and a dedicated repair and replacement account is adequately funded.	Full points have been awarded. Keep up the great work.		
		Utility is collecting revenue sufficient to cover expenses		15					
		Utility has a fee schedule and a collection policy that is followed		5					
		Utility has no fee structure or collection policy		0					
	Worker's Compensation Insurance	Utility has had a worker's compensation policy for all employees for the past two years and has a current policy in place		5	0	The insurance provider indicated on 12/31/2023 the utility owner does not have coverage.	The utility owner must obtain workers' compensation consistent with state and federal laws. Contact your assigned LGS for advice and assistance.		
		Utility has a current worker's compensation policy in place for all employees		2					
		Utility has no worker's compensation policy		0					
	Payroll Liability Compliance	Utility has no past due tax liabilities and is current with all tax obligations		5	5	Utility has no past due tax liabilities and is current with all tax obligations.	Full points have been awarded. Continue to submit timely reports and payments to maintain these points.		
Utility owes back taxes, but has a signed payment agreement, is current on that agreement, and is up-to-date with all other tax obligations		2							
Utility is not current with its tax obligations and/or does not have a signed repayment agreement for back taxes owed		0

		Primary operator is certified to the level of the water system and the backup operator holds some level of certification in water treatment or distribution			7				
		Primary operator is certified to the level of the water system and the backup operator holds no certification or there is no backup operator			5				
		Utility has one or more operators certified at some level in water treatment or distribution			3				
		Utility has no certified operators			0				
	Preventive Maintenance Plan	Utility has a written PM plan; PM is performed on schedule; records of completion are submitted on a quarterly basis and have been verified			25	15	The utility is not performing the required maintenance or isn't keeping records of maintenance.	To receive the full points in this category, the operator must have a Preventative Maintenance plan that they follow and the completed plan must be submitted to your assigned RMW each quarter.	Willie Kamuck YKHC RMW 438-6026
		Utility has a written PM plan; performance of PM and record keeping are not consistent			15				
		Utility has no PM plan or performs no PM			0				
	Compliance	Utility had no Monitoring and Reporting violations during the past year			10	0	The utility had 29 Drinking Water Monitoring and Reporting violations in 2023.	The Drinking Water Program provides you with an Annual Monitoring Summary with all of the required samples for your water system. All samples and reports must be collected and submitted in a timely manner.	Elizabeth Nakanishi ADEC Drinking Water Program 269-7619
		Utility had up to five Monitoring and Reporting violations during the past year			5				
		Utility had more than five Monitoring and Reporting violations during the last year			0				
Managerial	Utility Management Training	A person who holds a position of responsibility for management of the utility has completed a DCRA approved Utility Management course or other utility management training course within the last five years			5	5	Priscilla Paniyak attended Elected Officials Management for Rural Utilities training on 12/11/2023.	To maintain the full points in this category, consider sending someone to one of the free RUBA trainings each year.	Sengbe Kemokai DCRA RUBA Program 545-5383
	Meetings of the Governing Body	The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements and receives a current report from the operator			5	0	Documentation was not provided to RUBA during this reporting period.	The governing body needs to meet according to local ordinance and/or bylaw and submit minutes to RUBA. The meeting minutes should document that a report was made by the operator to the governing board. Contact your assigned LGS for assistance.	
		The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements			2				
		The utility owner's governing body does not meet			0				
Financial	Budget	Utility owner and the Utility have each adopted a realistic budget and budget amendments are adopted as needed; Accurate monthly budget reports are prepared and submitted to the governing body			15	0	Documentation was not provided to RUBA during this reporting period.	Provide RUBA with an adopted, realistic, and balanced budget; monthly financial reports that are submitted to the council and documented in meeting minutes. Contact your assigned LGS for advice and assistance.	
		Either the Utility or the Utility owner has adopted and implemented a budget, the other has not			13				
		Either the Utility or the Utility owner has adopted a budget, but it is not being implemented			10				
		Utility owner and the Utility have not adopted a budget			0				
	Revenue	Utility is collecting revenue sufficient to cover the Utility's operating expenses and to contribute to a repair and replacement account			20	0	Documentation was not provided to RUBA during this reporting period.	Provide RUBA with accurate monthly financial reports that shows the utility is collecting sufficient revenue to cover operating expenses. Contact your assigned LGS for advice and assistance.	
		Utility is collecting revenue sufficient to cover expenses			15				
		Utility has a fee schedule and a collection policy that is followed			5				
		Utility has no fee structure or collection policy			0				
	Worker's Compensation Insurance	Utility has had a worker's compensation policy for all employees for the past two years and has a current policy in place			5	5	Continuous coverage for the utility owner was confirmed by a Department of Labor and Workforce Development database query on 12/31/2023.	Full points have been awarded. The utility owner must maintain an active workers' compensation policy to continue receiving these points.	
		Utility has a current worker's compensation policy in place for all employees			2				
		Utility has no worker's compensation policy			0				
	Payroll Liability Compliance	Utility has no past due tax liabilities and is current with all tax obligations			5	5	Utility has no past due tax liabilities and is current with all tax obligations.	Full points have been awarded. Continue to submit timely reports and payments to maintain these points.	
		Utility owes back taxes, but has a signed payment agreement, is current on that agreement, and is up-to-date with all other tax obligations			2				
		Utility is not current with its tax obligations and/or does not have a signed repayment agreement for back taxes owed			0

Technical	Operator Certification	Utility has more than one operator certified to the level of the water system		10	3	System Classification: Water Treatment 2 Primary Operator: <i>Matthew Ignatius</i> Certification Level: <i>WT 1</i> Backup Operator: <i>Daniel Johnson</i> Certification Level: <i>WT 1</i> Matthew Ignatius, Daniel Johnson, and Roger Canoe hold certifications but not at the correct level. Darren Abraham, Justin Ignatius, Joshua Noble, and Thomas Pete hold no certifications.	Matthew Ignatius will need 3.0 CEUs by 12/31/25 to renew in 2025. Daniel Johnson will need 3.0 CEUs by 12/31/2026 to renew in 2026. Matthew Ignatius and Daniel Johnson need to take and pass the WT 2 exam. Roger Canoe has the required CEU to renew in 2024. Darren Abraham, Justin Ignatius, Roger Canoe, Joshua Noble, and Thomas Pete need to take and pass the WT 1 exam. Please see the enclosed flyer with more information about certification.	ADEC Operator Certification Program 465-1139		
		Primary operator is certified to the level of the water system and the backup operator holds some level of certification in water treatment or distribution		7						
		Primary operator is certified to the level of the water system and the backup operator holds no certification or there is no backup operator		5						
		Utility has one or more operators certified at some level in water treatment or distribution		3						
		Utility has no certified operators		0						
	Preventive Maintenance Plan	Utility has a written PM plan; PM is performed on schedule; records of completion are submitted on a quarterly basis and have been verified		25	15	The utility is not performing the required maintenance or isn't keeping records of maintenance.	To receive the full points in this category, the operator must have a Preventative Maintenance plan that they follow and the completed plan must be submitted to your assigned RMW each quarter.	Allan Paukan YKHC RMW 438-2024		
		Utility has a written PM plan; performance of PM and record keeping are not consistent		15						
		Utility has no PM plan or performs no PM		0						
	Compliance	Utility had no Monitoring and Reporting violations during the past year		10	0	The utility had 64 Drinking Water Monitoring and Reporting violations in 2023.	The Drinking Water Program provides you with an Annual Monitoring Summary with all of the required samples for your water system. All samples and reports must be collected and submitted in a timely manner.	Elizabeth Nakanishi ADEC Drinking Water Program 269-7619		
		Utility had up to five Monitoring and Reporting violations during the past year		5						
Utility had more than five Monitoring and Reporting violations during the last year		0								
Managerial	Utility Management Training	A person who holds a position of responsibility for management of the utility has completed a DCRA approved Utility Management course or other utility management training course within the last five years		5	5	Esther Manumik attended QuickBooks for Rural Utilities training on 10/12/2020.	To maintain the full points in this category, consider sending someone to one of the free RUBA trainings each year.	Alfred Wallace DCRA RUBA Program 543-3475		
	Meetings of the Governing Body	The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements and receives a current report from the operator		5	5	Minutes were provided for the following months during this reporting period: June, July, August, September, October, and November 2023. The water operator report was consistently included in the meeting minutes.	To maintain full points, the governing body must continue to meet according to local ordinance/bylaw and provide RUBA with meeting minutes.			
		The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements		2						
		The utility owner's governing body does not meet		0						
Financial	Budget	Utility owner and the Utility have each adopted a realistic budget and budget amendments are adopted as needed; Accurate monthly budget reports are prepared and submitted to the governing body		15	15	The owner-managed utility has adopted an overall balanced and realistic budget; accurate monthly financial reports have been submitted and documented in the meeting minutes.	Full points have been awarded. Continue to provide RUBA accurate monthly financial reports that are submitted to the council and documented in the meeting minutes.	Alfred Wallace DCRA RUBA Program 543-3475		
		Either the Utility or the Utility owner has adopted and implemented a budget, the other has not		13						
		Either the Utility or the Utility owner has adopted a budget, but it is not being implemented		10						
		Utility owner and the Utility have not adopted a budget		0						
	Revenue	Utility is collecting revenue sufficient to cover the Utility's operating expenses and to contribute to a repair and replacement account		20	20	Financial reports show utility revenue is sufficient to cover expenses and a dedicated repair and replacement account is adequately funded.	Full points have been awarded. Keep up the great work.			
		Utility is collecting revenue sufficient to cover expenses		15						
		Utility has a fee schedule and a collection policy that is followed		5						
		Utility has no fee structure or collection policy		0						
	Worker's Compensation Insurance	Utility has had a worker's compensation policy for all employees for the past two years and has a current policy in place		5	5	Continuous coverage for the utility owner was confirmed by a Department of Labor and Workforce Development database query on 12/31/2023.	Full points have been awarded. The utility owner must maintain an active workers' compensation policy to continue receiving these points.			
		Utility has a current worker's compensation policy in place for all employees		2						
		Utility has no worker's compensation policy		0						
	Payroll Liability Compliance	Utility has no past due tax liabilities and is current with all tax obligations		5	5	Utility has no past due tax liabilities and is current with all tax obligations.	Full points have been awarded. Continue to submit timely reports and payments to maintain these points.			
		Utility owes back taxes, but has a signed payment agreement, is current on that agreement, and is up-to-date with all other tax obligations		2						
Utility is not current with its tax obligations and/or does not have a signed repayment agreement for back taxes owed		0

Technical	Operator Certification	Utility has more than one operator certified to the level of the water system			10	5	System Classification: Water Treatment 2 Primary Operator: <i>Quintin Hafendorfer</i> Certification Level: <i>WT 2</i> Backup Operator: <i>Derek Stewart</i> Certification Level: <i>Operator holds no current certification</i> Quintin Hafendorfer holds the correct level of certification. Derek Stewart and Phil Spencer hold no certifications.	Quintin Hafendorfer has the required CEUs to renew in 2024. Derek Stewart and Phil Spencer need to take and pass the WT 1 exam. Please see the enclosed flyer with more information about certification.	ADEC Operator Certification Program 465-1139
		Primary operator is certified to the level of the water system and the backup operator holds some level of certification in water treatment or distribution			7				
		Primary operator is certified to the level of the water system and the backup operator holds no certification or there is no backup operator			5				
		Utility has one or more operators certified at some level in water treatment or distribution			3				
		Utility has no certified operators			0				
	Preventive Maintenance Plan	Utility has a written PM plan; PM is performed on schedule; records of completion are submitted on a quarterly basis and have been verified			25	25	The operator is performing important maintenance on a regular basis and keeping records. Each month, the operator is submitting maintenance records to the assigned RMW.	Full points have been awarded in this category. Continue to perform maintenance according to the PM plan and send monthly records to the assigned RMW.	Matthew Russell ADEC RMW 269-3067
		Utility has a written PM plan; performance of PM and record keeping are not consistent			15				
		Utility has no PM plan or performs no PM			0				
	Compliance	Utility had no Monitoring and Reporting violations during the past year			10	5	The utility had 3 Drinking Water Monitoring and Reporting violations in 2023.	The Drinking Water Program provides you with an Annual Monitoring Summary with all of the required samples for your water system. All samples and reports must be collected and submitted in a timely manner.	Christina Harris ADEC Drinking Water Program 376-1861
		Utility had up to five Monitoring and Reporting violations during the past year			5				
		Utility had more than five Monitoring and Reporting violations during the last year			0				
Managerial	Utility Management Training	A person who holds a position of responsibility for management of the utility has completed a DCRA approved Utility Management course or other utility management training course within the last five years			5	5	Raven Hanson attended QuickBooks for Rural Utilities training on 3/21/2022.	To maintain the full points in this category, consider sending someone to one of the free RUBA trainings each year.	Iura Leahu DCRA RUBA Program 465-4814
	Meetings of the Governing Body	The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements and receives a current report from the operator			5	0	Not enough meeting minutes were provided to RUBA during this reporting period.	The governing body needs to meet according to local ordinance and/or bylaw and submit minutes to RUBA. The meeting minutes should document that a report was made by the operator to the governing board. Contact your assigned LGS for assistance.	
		The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements			2				
		The utility owner's governing body does not meet			0				
Financial	Budget	Utility owner and the Utility have each adopted a realistic budget and budget amendments are adopted as needed; Accurate monthly budget reports are prepared and submitted to the governing body			15	10	The utility owner has adopted an overall realistic and balanced budget, but the budget does not separate utility income and expenses in a separate enterprise budget.	The subsidy needs to be clearly identified and documented in the budget. Contact your assigned LGS for advice and assistance.	
		Either the Utility or the Utility owner has adopted and implemented a budget, the other has not			13				
		Either the Utility or the Utility owner has adopted a budget, but it is not being implemented			10				
		Utility owner and the Utility have not adopted a budget			0				
	Revenue	Utility is collecting revenue sufficient to cover the Utility's operating expenses and to contribute to a repair and replacement account			20	5	Financial reports show the utility is not collecting sufficient revenue to cover expenses; a fee schedule or collection policy is on file with RUBA.	The utility needs to provide accurate monthly financial reports to RUBA and demonstrate sufficient revenue to cover the utility's expenses. Contact your assigned LGS for advice and assistance.	
		Utility is collecting revenue sufficient to cover expenses			15				
		Utility has a fee schedule and a collection policy that is followed			5				
		Utility has no fee structure or collection policy			0				
	Worker's Compensation Insurance	Utility has had a worker's compensation policy for all employees for the past two years and has a current policy in place			5	5	Continuous coverage for the utility owner was confirmed by the insurance provider on 12/31/2023.	Full points have been awarded. The utility owner must maintain an active workers' compensation policy to continue receiving these points.	
		Utility has a current worker's compensation policy in place for all employees			2				
		Utility has no worker's compensation policy			0				
	Payroll Liability Compliance	Utility has no past due tax liabilities and is current with all tax obligations			5	5	Utility has no past due tax liabilities and is current with all tax obligations.	Full points have been awarded. Continue to submit timely reports and payments to maintain these points.	
		Utility owes back taxes, but has a signed payment agreement, is current on that agreement, and is up-to-date with all other tax obligations			2

Technical	Operator Certification	Utility has more than one operator certified to the level of the water system			10	10	System Classification: Water Treatment 1 Primary Operator: <i>Freeman Kingeekuk</i> Certification Level: <i>WT 1</i> Backup Operator: <i>Scott Kingeekuk</i> Certification Level: <i>WT 2</i> Freeman Kingeekuk and Scott Kingeekuk hold the correct level of certification. Scott Toolie holds certification but not at the correct level. Elmer Rookok holds no certification.	Freeman Kingeekuk needs 3.0 CEUs between 1/1/24 and 12/31/26 to renew in 2026. Scott Kingeekuk needs an 1.9 CEUs by 12/31/23 to renew. Scott Toolie needs has the required CEU to renew now and needs to take and pass the WT 1 exam. Elmer Rookok needs to take and pass the WT 1 exam. Please see the enclosed flyer with more information about certification.	ADEC Operator Certification Program 465-1139
		Primary operator is certified to the level of the water system and the backup operator holds some level of certification in water treatment or distribution			7				
		Primary operator is certified to the level of the water system and the backup operator holds no certification or there is no backup operator			5				
		Utility has one or more operators certified at some level in water treatment or distribution			3				
		Utility has no certified operators			0				
	Preventive Maintenance Plan	Utility has a written PM plan; PM is performed on schedule; records of completion are submitted on a quarterly basis and have been verified			25	25	The operator is performing important maintenance on a regular basis and keeping records. Each month, the operator is submitting maintenance records to the assigned RMW.	Full points have been awarded in this category. Continue to perform maintenance according to the PM plan and send monthly records to the assigned RMW.	Monti Tarawneh NSHC RMW 443-3403
		Utility has a written PM plan; performance of PM and record keeping are not consistent			15				
		Utility has no PM plan or performs no PM			0				
	Compliance	Utility had no Monitoring and Reporting violations during the past year			10	5	The utility had 3 Drinking Water Monitoring and Reporting violations in 2023.	The Drinking Water Program provides you with an Annual Monitoring Summary with all of the required samples for your water system. All samples and reports must be collected and submitted in a timely manner.	Jenny Roberts ADEC Drinking Water Program 451-2137
		Utility had up to five Monitoring and Reporting violations during the past year			5				
		Utility had more than five Monitoring and Reporting violations during the last year			0				
Managerial	Utility Management Training	A person who holds a position of responsibility for management of the utility has completed a DCRA approved Utility Management course or other utility management training course within the last five years			5	5	Charlotte Kava attended Organizational Management for Rural Utilities training on 2/11/2019.	To maintain the full points in this category, consider sending someone to one of the free RUBA trainings each year.	Lena Mathlaw DCRA RUBA Program 443-5457
	Meetings of the Governing Body	The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements and receives a current report from the operator			5	0	Documentation was not provided to RUBA during this reporting period.	The governing body needs to meet according to local ordinance and/or bylaw and submit minutes to RUBA. The meeting minutes should document that a report was made by the operator to the governing board. Contact your assigned LGS for assistance.	
		The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements			2				
		The utility owner's governing body does not meet			0				
Financial	Budget	Utility owner and the Utility have each adopted a realistic budget and budget amendments are adopted as needed; Accurate monthly budget reports are prepared and submitted to the governing body			15	10	The utility owner and third-party utility manager has adopted an overall realistic and balanced budget, but accurate monthly financial reports have not been documented in the meeting minutes.	Provide RUBA with accurate monthly financial reports that are submitted to the council and documented in meeting minutes.	Lena Mathlaw DCRA RUBA Program 443-5457
		Either the Utility or the Utility owner has adopted and implemented a budget, the other has not			13				
		Either the Utility or the Utility owner has adopted a budget, but it is not being implemented			10				
		Utility owner and the Utility have not adopted a budget			0				
	Revenue	Utility is collecting revenue sufficient to cover the Utility's operating expenses and to contribute to a repair and replacement account			20	20	Financial reports show utility revenue is sufficient to cover expenses and a dedicated repair and replacement account is adequately funded.	Full points have been awarded. Keep up the great work.	
		Utility is collecting revenue sufficient to cover expenses			15				
		Utility has a fee schedule and a collection policy that is followed			5				
		Utility has no fee structure or collection policy			0				
	Worker's Compensation Insurance	Utility has had a worker's compensation policy for all employees for the past two years and has a current policy in place			5	5	Continuous coverage for the utility owner was confirmed by the insurance provider on 12/31/2023.	Full points have been awarded. The utility owner must maintain an active workers' compensation policy to continue receiving these points.	
		Utility has a current worker's compensation policy in place for all employees			2				
		Utility has no worker's compensation policy			0				
	Payroll Liability Compliance	Utility has no past due tax liabilities and is current with all tax obligations			5	5	Utility has no past due tax liabilities and is current with all tax obligations.	Full points have been awarded. Continue to submit timely reports and payments to maintain these points.	
		Utility owes back taxes, but has a signed payment agreement, is current on that agreement, and is up-to-date with all other tax obligations			2				
Utility is not current with its tax obligations and/or does not have a signed repayment agreement for back taxes owed			0

Managerial	Utility Management Training	A person who holds a position of responsibility for management of the utility has completed a DCRA approved Utility Management course or other utility management training course within the last five years		5	5	Anisha Elbie attended Personnel Management for Rural Utilities training on 10/9/2023.	To maintain the full points in this category, consider sending someone to one of the free RUBA trainings each year.	Cindy Roque DCRA RUBA Program 842-1969
	Meetings of the Governing Body	The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements and receives a current report from the operator		5	0	Not enough meeting minutes were provided to RUBA during this reporting period.	The governing body needs to meet according to local ordinance and/or bylaw and submit minutes to RUBA. The meeting minutes should document that a report was made by the operator to the governing board. Contact your assigned LGS for assistance.	
		The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements		2				
		The utility owner's governing body does not meet		0				
Financial	Budget	Utility owner and the Utility have each adopted a realistic budget and budget amendments are adopted as needed; Accurate monthly budget reports are prepared and submitted to the governing body		15	10	The utility owner and third-party utility manager has adopted an overall realistic and balanced budget, but accurate monthly financial reports have not been documented in the meeting minutes.	Provide RUBA with accurate monthly financial reports that are submitted to the council and documented in meeting minutes.	
		Either the Utility or the Utility owner has adopted and implemented a budget, the other has not		13				
		Either the Utility or the Utility owner has adopted a budget, but it is not being implemented		10				
		Utility owner and the Utility have not adopted a budget		0				
	Revenue	Utility is collecting revenue sufficient to cover the Utility's operating expenses and to contribute to a repair and replacement account		20	20	Financial reports show utility revenue is sufficient to cover expenses and a dedicated repair and replacement account is adequately funded.	Full points have been awarded. Keep up the great work.	
		Utility is collecting revenue sufficient to cover expenses		15				
		Utility has a fee schedule and a collection policy that is followed		5				
		Utility has no fee structure or collection policy		0				
	Worker's Compensation Insurance	Utility has had a worker's compensation policy for all employees for the past two years and has a current policy in place		5	2	Current coverage for the utility owner and contractor was confirmed by a Department of Labor and Workforce Development database query on 12/31/2023 but the utility owner did not have coverage between 01/01/2021 and 04/30/2022.	Full points can be awarded after the utility owner demonstrates that a workers' compensation policy has been in place for all employees for two full years.	
		Utility has a current worker's compensation policy in place for all employees		2				
		Utility has no worker's compensation policy		0				
	Payroll Liability Compliance	Utility has no past due tax liabilities and is current with all tax obligations		5	5	Utility has no past due tax liabilities and is current with all tax obligations.	Full points have been awarded. Continue to submit timely reports and payments to maintain these points.	
		Utility owes back taxes, but has a signed payment agreement, is current on that agreement, and is up-to-date with all other tax obligations		2				
Utility is not current with its tax obligations and/or does not have a signed repayment agreement for back taxes owed		0

Technical	Operator Certification	Utility has more than one operator certified to the level of the water system			10	5	System Classification: Water Treatment 1 Primary Operator: <i>Peter Martin</i> Certification Level: <i>WT 1</i> Backup Operator: <i>George Otten</i> Certification Level: <i>Small Treated</i> Peter Martin holds the correct level of certification. George Otten holds certification but not at the correct level.	Peter Martin has the required CEUs to renew in 2024. George Otten needs 1.0 CEU to renew in 2025, and needs to take and pass the WT 1 exam. Please see the enclosed flyer with more information about certification.	ADEC Operator Certification Program 465-1139
		Primary operator is certified to the level of the water system and the backup operator holds some level of certification in water treatment or distribution			7				
		Primary operator is certified to the level of the water system and the backup operator holds no certification or there is no backup operator			5				
		Utility has one or more operators certified at some level in water treatment or distribution			3				
		Utility has no certified operators			0				
	Preventive Maintenance Plan	Utility has a written PM plan; PM is performed on schedule; records of completion are submitted on a quarterly basis and have been verified			25	25	The operator is performing important maintenance on a regular basis and keeping records. Each month, the operator is submitting maintenance records to the assigned RMW.	Full points have been awarded in this category. Continue to perform maintenance according to the PM plan and send monthly records to the assigned RMW.	Shyler Johnson NSHC RMW 625-1231
		Utility has a written PM plan; performance of PM and record keeping are not consistent			15				
		Utility has no PM plan or performs no PM			0				
	Compliance	Utility had no Monitoring and Reporting violations during the past year			10	0	The utility had 5 Drinking Water Monitoring and Reporting violations in 2023.	The Drinking Water Program provides you with an Annual Monitoring Summary with all of the required samples for your water system. All samples and reports must be collected and submitted in a timely manner.	Jenny Roberts ADEC Drinking Water Program 451-2137
		Utility had up to five Monitoring and Reporting violations during the past year			5				
		Utility had more than five Monitoring and Reporting violations during the last year			0				
Managerial	Utility Management Training	A person who holds a position of responsibility for management of the utility has completed a DCRA approved Utility Management course or other utility management training course within the last five years			5	5	Daisy Katcheak attended Financial Management for Rural Utilities training on 5/19/2023.	To maintain the full points in this category, consider sending someone to one of the free RUBA trainings each year.	Lena Mathlaw DCRA RUBA Program 443-5457
	Meetings of the Governing Body	The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements and receives a current report from the operator			5	5	Minutes were provided for the following months during this reporting period: June, July, August, September, October, and November 2023. The water operator report was consistently included in the meeting minutes.	To maintain full points, the governing body must continue to meet according to local ordinance/bylaw and provide RUBA with meeting minutes.	
		The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements			2				
		The utility owner's governing body does not meet			0				
Financial	Budget	Utility owner and the Utility have each adopted a realistic budget and budget amendments are adopted as needed; Accurate monthly budget reports are prepared and submitted to the governing body			15	0	The overall budget submitted to RUBA was not balanced.	The utility owner needs to adopt a balanced and realistic budget. Contact your assigned LGS for advice and assistance.	
		Either the Utility or the Utility owner has adopted and implemented a budget, the other has not			13				
		Either the Utility or the Utility owner has adopted a budget, but it is not being implemented			10				
		Utility owner and the Utility have not adopted a budget			0				
	Revenue	Utility is collecting revenue sufficient to cover the Utility's operating expenses and to contribute to a repair and replacement account			20	5	Financial reports show the utility is not collecting sufficient revenue to cover expenses; a fee schedule or collection policy is on file with RUBA.	The utility needs to provide accurate monthly financial reports to RUBA and demonstrate sufficient revenue to cover the utility's expenses. Contact your assigned LGS for advice and assistance.	
		Utility is collecting revenue sufficient to cover expenses			15				
		Utility has a fee schedule and a collection policy that is followed			5				
		Utility has no fee structure or collection policy			0				
	Worker's Compensation Insurance	Utility has had a worker's compensation policy for all employees for the past two years and has a current policy in place			5	0	The insurance provider indicated on 12/31/2023 the utility owner does not have coverage.	The utility owner must obtain workers' compensation consistent with state and federal laws. Contact your assigned LGS for advice and assistance.	
		Utility has a current worker's compensation policy in place for all employees			2				
		Utility has no worker's compensation policy			0				
	Payroll Liability Compliance	Utility has no past due tax liabilities and is current with all tax obligations			5	0	Utility owner is not current with state tax reporting and/or payment requirements.	To receive points, the utility must either become current on all outstanding tax liabilities and filings, or enter into a repayment agreement for outstanding liabilities and remain current on payments.	
Utility owes back taxes, but has a signed payment agreement, is current on that agreement, and is up-to-date with all other tax obligations			2						
Utility is not current with its tax obligations and/or does not have a signed repayment agreement for back taxes owed			0

		Primary operator is certified to the level of the water system and the backup operator holds some level of certification in water treatment or distribution		7		Certification Level: <i>WT 2</i>			
		Primary operator is certified to the level of the water system and the backup operator holds no certification or there is no backup operator		5		Backup Operator: <i>Mickey Atakitlig</i>			
		Utility has one or more operators certified at some level in water treatment or distribution		3		Certification Level: <i>WT 1</i>			
		Utility has no certified operators		0		Darryl Thompson and Mickey Atakitlig hold the correct level of certification. Terry Evatt holds no certifications.			
	Preventive Maintenance Plan	Utility has a written PM plan; PM is performed on schedule; records of completion are submitted on a quarterly basis and have been verified		25	25	The operator is performing important maintenance on a regular basis and keeping records. Each month, the operator is submitting maintenance records to the assigned RMW.	Full points have been awarded in this category. Continue to perform maintenance according to the PM plan and send monthly records to the assigned RMW.	Larry Small BBAHC RMW 842-3396	
		Utility has a written PM plan; performance of PM and record keeping are not consistent		15					
		Utility has no PM plan or performs no PM		0					
	Compliance	Utility had no Monitoring and Reporting violations during the past year		10	10	The utility had 0 Drinking Water Monitoring and Reporting violations in 2023. Excellent job - keep up the good work!		John Davis ADEC Drinking Water Program 262-8201	
		Utility had up to five Monitoring and Reporting violations during the past year		5					
		Utility had more than five Monitoring and Reporting violations during the last year		0					
	Managerial	Utility Management Training	A person who holds a position of responsibility for management of the utility has completed a DCRA approved Utility Management course or other utility management training course within the last five years		5	5	Janessa Andrews attended Financial Management for Rural Utilities training on 11/13/2023.	To maintain the full points in this category, consider sending someone to one of the free RUBA trainings each year.	Cindy Roque DCRA RUBA Program 842-1969
		Meetings of the Governing Body	The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements and receives a current report from the operator		5	5	Minutes were provided for the following months during this reporting period: June, August, September, and October 2023. The water operator report was consistently included in the meeting minutes.	To maintain full points, the governing body must continue to meet according to local ordinance/bylaw and provide RUBA with meeting minutes.	
The utility owner's governing body meets routinely consistent with the local ordinance/bylaw requirements			2						
The utility owner's governing body does not meet			0						
Financial	Budget	Utility owner and the Utility have each adopted a realistic budget and budget amendments are adopted as needed; Accurate monthly budget reports are prepared and submitted to the governing body		15	15	The owner-managed utility has adopted an overall balanced and realistic budget; accurate monthly financial reports have been submitted and documented in the meeting minutes.	Full points have been awarded. Continue to provide RUBA accurate monthly financial reports that are submitted to the council and documented in the meeting minutes.		
		Either the Utility or the Utility owner has adopted and implemented a budget, the other has not		13					
		Either the Utility or the Utility owner has adopted a budget, but it is not being implemented		10					
		Utility owner and the Utility have not adopted a budget		0					
	Revenue	Utility is collecting revenue sufficient to cover the Utility's operating expenses and to contribute to a repair and replacement account		20	15	Financial reports show utility revenue is sufficient to cover expenses, but the utility does not contribute to a repair and replacement account.	To received additional points, the utility must establish a utility repair and replacement account and make regular contributions to be prepared for future needs.		
		Utility is collecting revenue sufficient to cover expenses		15					
		Utility has a fee schedule and a collection policy that is followed		5					
		Utility has no fee structure or collection policy		0					
	Worker's Compensation Insurance	Utility has had a worker's compensation policy for all employees for the past two years and has a current policy in place		5	5	Continuous coverage for the utility owner was confirmed by the insurance provider on 12/31/2023.	Full points have been awarded. The utility owner must maintain an active workers' compensation policy to continue receiving these points.		
		Utility has a current worker's compensation policy in place for all employees		2					
		Utility has no worker's compensation policy		0					
	Payroll Liability Compliance	Utility has no past due tax liabilities and is current with all tax obligations		5	0	Utility owner is not current with state tax reporting and/or payment requirements.	To receive points, the utility must either become current on all outstanding tax liabilities and filings, or enter into a repayment agreement for outstanding liabilities and remain current on payments.		
Utility owes back taxes, but has a signed payment agreement, is current on that agreement, and is up-to-date with all other tax obligations		2							
Utility is not current with its tax obligations and/or does not have a signed repayment agreement for back taxes owed		0
